Subject: Construction Advisory: Fence Line Changes at LSL
Attachments: Final sitework 7-27-12a.pdf
Importance: High

Fence Line Changes at Life Science Laboratories Project

A "Final Sitework Phasing and Fencing Plan" has been provided by the contractor for the Life Science Laboratories Project indicating several fence line changes taking place in August. Most notably, the northern-most end of Stockbridge Road will be closed to all non-emergency vehicles after August 13 (note the purple fence line shown on the attached PDF). Also, Thatcher Way will re-open after August 6, but as a one-lane road through August 24. The northeast entrance to the ISB will be closed through August 13.

Please direct questions or comments concerning the LSL project to the UMass Facilities Planning project manager, Jeff Quackenbush, at 5-6453 or jquacken@facil.umass.edu.
